Jeanne Clery Disclosure of Campus Security Policy

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the federal law that requires colleges and universities across the United States to disclose information about crime on and around their campuses. Because the law is tied to participation in federal student financial aid programs it applies to most institutions of higher education both public and private and is enforced by the U.S. Department of Education.

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, in 1998 to expand the reporting requirements and also formally named the law in memory of Jeanne Clery. Also in 2000 to require schools beginning in 2003 to notify the campus community about where public "Megan's Law" information about registered sex offenders on campus could be obtained. Most recently, the Violence Against Women Act which requires institutions to reports statistics of Sexual Assault, Domestic Violence, Dating Violence and Stalking in the institution's Annual Security Report and starting in July 2015 institutions have to include these stats.

Salish Kootenai College prepares and distributes the annual the Annual Security and Fire Safety Report (ASFSR) at the beginning of each academic year as mandated by the Clery Act. The ASFSR outlines college security policies and procedures, programs, and crime statistics that are designed to keep students and employees safe and campus facilities secure.

Campus Map

1. Preparation and Distribution of the Annual Security Report

The Annual Security and Fire Safety Report (ASFSR) is prepared by the College's Clery Act Compliance Officer and reviewed by the Security Review Team prior to publication. The report is published by October 1 of each year in compliance with the Clery Act. The report is prepared in cooperation with local law enforcement agencies, the SKC Student Housing Department, and the Vice President of Academic Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act. Campus crime, arrest and referral statistics as well as sexual assault, domestic violence and stalking are reported to SKC Security, designated campus officials including but not limited to directors, department heads, designated campus security authorities, and local law enforcement agencies. The ASFSR and the data included in it are compiled by collecting data, programs, policies, and other information from SKC Security, Vice President of Academic Affairs, and SKC Student Housing Department.

The ASFSR is published on the college website.

- All SKC employees and enrolled students receive an email notification of the availability and location of the most recent report. Additionally, faculty and staff members receive notification of the availability of the report with their paycheck following report publication. The most recent report is available at xxx.
- All prospective employees may obtain a copy from Human Resources in the Big Knife Building or by calling 406.275.4985 and the website address will be attached to SKC employment applications.
- Prospective students may obtain a copy of the report on the College website.
- Each year, a notice is placed in a new student's packet at New Student Orientation which provides the web site to access this report.
- Notification that provides the web site to access this report is printed on the current student applications and employment applications.
- A paper copy of the report may be obtained at the SKC Security Office located to the west of the Big Knife Building or by calling 406.275.4751 or 406.239.6267.

Location Where Documentation is Kept	SKC Security Office
Date Policy and Procedures were Last Updated	11/30/2020

2. Definitions of Clery Geography

The following Clery geography definitions apply to the Crime Statistics Report on pages 9-10. On-campus is defined as “any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and property within the same reasonable geographic area of the institution that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).”

Non-campus building or property is defined as “any building or property owned or controlled by a student organization recognized by the institution; and any building or property (other than a branch 6 | Page campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.”

Public property is defined as “all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.”

Monitoring and Reporting of Criminal Activity Off-Campus

Salish Kootenai College does not have off-campus housing areas. The SKC Security Department obtains statistics from local law enforcement agencies in regards to areas surrounding the SKC Campus and whether incidents may affect SKC. There are no officially recognized clubs, Student Housing, or student organizations with off-campus locations.

3. SKC Campus Security

The SKC Campus Security personnel are non commissioned security staff. SKC Security has the authority to issue parking tickets, authorize removal of persons and/or property, ask persons for identification and determine whether individuals have lawful business at Salish Kootenai College. Security does not have the authority to arrest. Criminal incidents are referred to the Confederated Salish and Kootenai Tribal Law and Order for enrolled members of a federally

recognized tribe and the Lake County Sheriff's Office for individuals who are not tribal members.

SKC Security maintains a professional working relationship with Confederated Salish and Kootenai Tribes Law Enforcement and the Lake County Sheriff's Office without a formal Memorandum of Understanding. All crime victims and witnesses are strongly encouraged to immediately report the crime to SKC Security and the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics. If an individual who is a victim of a crime, is incapacitated, and is unable to notify appropriate law enforcement agencies, the SKC Security Department will make such notification.

4. Campus Security Authority and Jurisdiction

Campus Security Authorities are individuals who are part of the campus security or public safety/security, have responsibility for campus security, but do not constitute a public safety official and an individual or organization specified in an institution's policy to report criminal offenses. Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics.

Campus Security Authorities:

- Dean of Students
- Vice President of Business Affairs
- Vice President of Academic Affairs
- Human Resources
- SKC Security
- Director of Student Housing
- Student Housing Manager
- Full time Residential Assistants
- Part time Residential Assistants
- Advisors of Student Clubs and Student Senate
- Director of Athletics

5. Security and Access to SKC Facilities and Housing

The SKC Security Department may grant access to a building. Upon granting access to a building for a person at SKC, the officer will check the ID and if the person is attempting to gain access to a unit of Student Housing, the determination will be made if the individual is a tenant of the unit.

SKC maintains an open campus. Instructors regulate access to classrooms and laboratories. Campus Security is responsible for evening access to buildings and their lockup. The SKC security system covers all of the buildings on campus. Physical Plant personnel and SKC Security personnel activate and deactivate the systems at night and in the morning or for various activities that take place for each building. SKC Student Housing is patrolled regularly by SKC Campus Security. Access to individual units is controlled in accordance with the SKC Student Housing Handbook. Keys are issued to the head of household. SKC Student Housing Department maintains the key system and enters units according to the SKC Student Housing Handbook.

If a student worker or intern needs access to a building, the Department Head supervising the student will send the name(s) to SKC Security to verify they are allowed to have access into the building without the presence of a staff/faculty member.

Student Housing Security

Access to SKC Student Dorm and Housing facilities is restricted to student tenants, authorized staff members, and hosted guests. If the person seeking to be admitted is listed as a tenant, the head of house will be contacted to verify the individual has permission to have access into the residence. If the person is a staff/faculty member looking for access into a building, ID will be checked to verify they are to be in that building.

Salish Kootenai College does not have any off-campus Student Housing locations. SKC Security only patrols the SKC campus and contiguous areas surrounding SKC.

SKC Student Housing must be notified of all personal security concerns. For instance if your bedroom or bathroom door doesn't lock, report it so it can be repaired. Report any concerns you have as this may help build a case and SKC Security is aware and can patrol campus more effectively and hopefully divert a potentially dangerous situation.

The SKC Student Housing Department hosts a welcome dinner for dormitory residents and Student Housing residents in the fall, winter and spring quarters. During this, student tenants view and sign the SKC Student Housing Handbook which encourages tenants to practice basic safety and report violations of the SKC Housing and Dorm handbook.

Tenants are required to uphold the drug and alcohol free campus policy.

Student tenants may not prop open exterior doors or permit entry to unknown individuals. The security of the living environment is each student tenant's responsibility. Student tenants should report suspicious activity to SKC Security.

Student tenants should also practice basic safety and security habits, including the following:

Keep your room and POD doors locked.

Keep your car door locked.

Place valuables out of sight.

Walk with a trusted friend and stay in lit areas.

Report suspicious people or activities.

SKC Security is available to provide an escort from any point on campus back to Student Housing.

6. Reporting of Safety or Security Incidents

Confidential Reporting Procedures

Any report made to the SKC Security Department (and the identity of the reporting party) is always kept confidential, whether or not the individual does or does not want to pursue action within the SKC campus system or the criminal justice system. The purpose of confidential reporting is to comply with the individuals' wish to keep the matter autonomous while taking steps to ensure the future safety of the individual and others. With such information, SKC can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant and alert the campus community to potential danger.

Accurate and Prompt Reporting

Security officers shall have reports written within 24 hours of an incident. Parties reporting safety or security incidents are asked to have statements completed in a reasonable amount of time and can be emailed to security@skc.edu.

Report Disclosure to Victims

The College will, upon written request, disclose to the alleged victim of a violent crime or a non-forcible sex offense (such as statutory rape or incest) the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of the crime or offense.

7. Process for Reporting an Emergency

FIRST: Dial 911 to report an incident to emergency personnel. Give the following information to 911 dispatchers:

- The exact address or building and area of campus.
- Your full name and the telephone number from which you are calling, in case you get disconnected.
- The nature of the emergency, including the number of injured people and their known injuries.
- Do not hang up as additional information may be needed.

SECOND: Have someone call campus security at extension 211 from campus phones, or 239-6267 from cell phones.

THIRD: If the emergency is occurring during the regular work day, have someone call SKC front desk (“0” from a campus phone or 275-4800 from a cell phone.)

To Report a Crime

Contact SKC Security at (406) 239-6267 or 211 from a college landline, as well as 911.

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to SKC Security in a timely manner. All incident reports are reviewed and distributed to the proper authorities. SKC will prepare an annual report on campus crimes and incidents that will cover the preceding two years for which information is available by the Security Department. Crimes should be reported to SKC Campus Security to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

8. Crime Prevention and Safety Awareness Programs

Salish Kootenai College is dedicated to providing a safe campus, including campus facilities and grounds, student dorms, and Student Housing. This can only be accomplished with the cooperation and students and employees exercising their personal responsibility. It is the responsibility of each employee, student, and tenants of Student Housing to be familiar with the policies and procedures designed to ensure safety and security.

SKC's educational programming concerning safety awareness, personal safety, and crime prevention, including the prevention of sexual misconduct and sexual assault, are offered through a variety of methods each year, including the Center for Prevention and Wellness, the SKC Housing Office, and the SKC Office of Human Resources. All new employees are provided with information about sexual violence prevention, SKC's Drug and Alcohol Policy, the campus emergency response procedures, and safety procedures of the individual's main building. Students in SKC Housing are provided with an orientation that includes security information, accessing facilities, personal safety considerations, drug and alcohol policies, and safety/security resources.

9. Missing Student Policy

This policy is established by Salish Kootenai College in compliance with the *Higher Education Opportunity Act of 2008* and applies to students residing in on-campus housing. The policy applies when a student residing in on-campus housing has been reported missing for more than 24 hours.

Any individual who has information that a resident of SKC Student Housing may be a missing person must notify SKC Security immediately. If there is reason to believe the missing student is a risk to themselves or others or is the victim of a crime, employees should notify SKC Security and call 911.

SKC Security, 406-239-6267
Director of Student Housing, 275-4832
Emergency Situations, 911

SKC Security will follow written procedures for investigation and notification, including notifying the Dean of Students and the Director of Student Housing. SKC Security will notify local law enforcement after the occupant has been missing for 24 hours, unless faster response is indicated.

SKC Housing will notify emergency contacts of the missing student. Students age 18 and above will be given an opportunity during the annual Housing registration process to designate an individual as an "Emergency Contact" to be contacted by the College no more than 24 hours after the time that the student is determined to be missing. The Emergency Contact designation will remain in effect until changed or revoked by the student. If a student is under the age of 18, the College is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing.

This policy is intended to establish formal notification procedures for students who reside in on-campus housing and are reported as missing. The policy applies when a student residing in on-campus housing has been reported missing for more than 24 hours. In accordance with the Higher Education Reauthorization Act of 2008, this policy provides procedures for reporting, investigating and making emergency notifications regarding any currently enrolled Salish and Kootenai College students who are believed to be missing.

A student is presumed to be missing when he or she is absent from Salish Kootenai College and/or has been reported missing by another individual without any known reason, or for reasons that are inconsistent with the student's established patterns of behavior and cannot readily be explained. Before presuming that a person is missing, reasonable measures should be taken to determine whether or not the person is at their place of residence and whether or not anyone familiar with the person has seen or heard from the person recently or is aware of where they may be.

10. Emergency Notification and Timely Warnings

In the event that a situation arises that constitutes an eminent, ongoing, or continuing threat, either on campus or in close geographic relation to SKC, a campus wide "timely warning" will be issued by SKC Administration. SKC Administration will confirm the emergency or dangerous situation, determine the appropriate parts of the campus community to receive a notification, determine the content of the notification, and issue the warning. The warning will be issued through the college's RAVE emergency alert system and delivered via email, text messaging, social media, and phone call. However, if SKC Administration is advised by local law enforcement that issuing the notification will, in the professional judgement of law enforcement, compromise efforts to assist a victim or efforts to respond to the emergency, SKC Administration will withhold the warning until advised by law enforcement that it is appropriate to issue the warning.

Office/Individual responsible:

Sandra Boham-SKC President

Dan Durglo-V.P. of Academic Affairs,

Audrey Plouffe-V.P. of Business Affairs,

Al Anderson-Chief Information Officer

Greg Gould – Head of Campus Emergency Response Team

Anyone with information warranting a timely warning should report the circumstances to the SKC Campus Security 239-6267 or the SKC Security Office 275-4751. SKC also communicates with local authorities in regards to situations that may occur around campus that may warrant a timely warning to be issued to the SKC campus.

Emergency notifications may be triggered by a far broader range of potential threats including any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus but not the other Clery public property or non-campus areas. This could overlap and include a Clery crime such as a shooting, but it also covers crimes not reportable under Clery as well as non-criminal incidents such as an [outbreak of a communicable illness](#), impending weather emergency or a gas leak. Notifications are issued without delay upon confirmation of the emergency by SKC Administration.

Locations where documentation is kept: Archived in RAVE Emergency Alert System

RAVE

RAVE is SKC's Emergency Notification System. This system automatically informs all students, faculty, and staff - as well as community members who have signed up for SKC RAVE - of emergencies, warnings, and other actions such as college closure due to weather. These alerts are sent via Text Message, Email, automated phone message, and computer desktop messages on college computers. The RAVE system is tested at least annually during an emergency drill.

All SKC employees and students are encouraged to register personal cell phone numbers with the RAVE Alert System. Employees can do this by making sure Human Resources has your personal cell phone number. Students can do this by making sure that Enrollment Services has your personal cell phone. Call the IT Helpdesk at 406.275.HELP for more information about this system.

For more information about SKC's Emergency Response Plan, employees should contact the Building Emergency Coordinator or the IT Services Department. Students should contact the IT Services Department.

The RAVE Panic Button is also available for employees. The RAVE Panic Button functions allow individuals to press any of the five emergency buttons, triggering a preset notification to on-campus staff and safety personnel as well as 9-1-1. The RAVE Panic Button can be found in either Google Play Store for Android phones or the App Store for iPhones.

Date policy and procedures were last updated: 11/30/2020

Emergency Response and Evacuation Procedures

In the event that SKC Administration receives information from the CSKT Tribal Police, the Lake County Sheriff's Office, and/or the Office of Emergency Management stating that a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees is occurring on or around campus, SKC Administration will initiate an Emergency Notification. The Emergency Notification may include notice of evacuation or other required emergency response. Upon confirmation of an emergency, the SKC President or their designee will, without delay, determine the content of the emergency and initiate the emergency notification system (RAVE), unless the notification will compromise efforts to contain, respond to, or otherwise mitigate the emergency. SKC Administration will determine which segment or segments of the campus are at risk by assessing and taking recommendations of Law Enforcement personnel and security staff. Emergency Notification may utilize the phone intercom system, the college's email and website systems, RAVE emergency alert system, and paper postings by each building's Campus Security Authority.

In the event of a significant emergency the Campus Emergency Response Team (CERT) will respond according to established procedures. The Campus Emergency Response Team will continue to assess the emergency to determine need for updates or broader communication to the community. In the event that an emergency poses a threat to the surrounding community, the President's Office or designee will notify Lake County Emergency Services and work with county and tribal emergency services to issue information and respond to the emergency. Dissemination of emergency information to the larger community will be done via press release, radio announcements, and/or TV alerts depending on the nature of the emergency. All information will be issued through the President's Office.

11. Security Awareness Programs

Programs presented to staff and faculty will have the most recent statistics on reportable crimes on campus and the surrounding area. This information can be found at <http://safety.sk.edu>, the annual SKC In-Service held every September, and at SKC Employee meetings throughout the academic year that are typically once a month on selected dates. For students, RAVE Guardian is a safety application that can be found in the Google Play Store for Android phones and the App Store for iPhones. Students enter a destination they are going to, a timeframe when they will be at the location, and when they reach it. They then check back in with the application to mark that they have made it. If they do not mark on the

app that they have arrived at their location, an alert message will be sent to the person they have designated as an emergency contact to inform them of what is going on.

Emergency Drills, Testing and Evacuation Procedures

Emergency drills are conducted annually for staff and faculty. Annual drills may include Earthquake, Evacuation, Shelter-in-Place, or other drills as determined by the SKC CERT TEAM. A fire drill is conducted in the SKC Dormitory during fall, winter and spring quarters for the students to teach and assist students with evacuating the correct way to the designated evacuation spot.

Data of Drills in 2019-2020	Description	Announced/Unannounced
September 11, 2019	RAVE, Earthquake, Evacuation All-Campus Drill	Unannounced

Annual Emergency Response and Evacuation Training

An overview of campus emergency procedures is one component of the new employee orientation provided to each employee. Annual updates on campus emergency procedures are provided to all employees during fall inservice.

The SKC Campus Emergency Response Team (CERT) coordinates annual training and testing of the Campus Emergency Response Plan including the Emergency Notification System. Emergency Response Drills may be announced but specific date(s) of the drills will not be revealed. Documentation of the test or drill will be kept by the Security Team Leader at the SKC Security Office. Maps of evacuation locations are posted near exit doors in all buildings.

12. Incident Management and Recovery

Salish Kootenai College (SKC) is committed to ensuring continuation of essential functions for students, faculty and staff through an effective and comprehensive program of incident management and recovery. SKC Policy 705.00 outlines the scope and process for emergency response at the College. The purpose of this policy is to enable a rapid, coordinated and effective response to an interruption to normal activities and the recovery of SKC’s critical

activities. In the event of a major incident or disaster that compromise operational function, SKC's highest priorities will be:

- Health and safety of individuals
- Continuity of teaching, business operations, and other campus functions
- Preservation of facilities
- Safeguard from financial loss

The Campus Emergency Response Team (CERT) consists of individuals from SKC faculty, staff, and administration. The Team meets regularly to review campus plans, plan and evaluate training and drills, and provide oversight of campus response procedures. Each campus building has one or more individuals designated as Building Emergency Coordinators (BECs). The BECs receive annual training in campus emergency procedures and will respond to emergencies in the individual's building as well as assist with drills and evacuations.

It is the responsibility of each faculty and staff member to know their role in an emergency, have read the Emergency Response Plan, know the identity of their Building Emergency Coordinator, and participate in training, drills and other emergency preparations as requested by campus administration.

13. Policy on Drugs and Alcohol

Salish Kootenai College is a drug and alcohol-free campus. SKC supports Montana underage drinking laws and federal and tribal laws concerning illicit drugs.

SKC is committed to The Drug Free Workplace Act of 1988 (DFWA), which requires SKC to maintain a drug free workplace. It is unlawful for employees and students to manufacture, distribute, disperse, in possession of, or use a controlled substance on the SKC campus. College classes away from the main campus and college-sponsored activities are also considered to be covered by the DFWA act. The unlawful manufacture, distribution, sale, possession or use of alcohol or illicit drugs by employees on SKC property or while conducting college business are prohibited. Employees who engage in such activities are subject to disciplinary action which may lead to termination of employment.

Students who enroll for classes at Salish Kootenai College agree to abide by the Student Code of Conduct, found at <https://skc.smartcatalogiq.com/2020-2021/Catalog/Student-Code-of-Conduct>. This includes the Alcohol and Substance Abuse Policy, found at <https://skc.smartcatalogiq.com/2020-2021/Catalog/Additional-Student-Policies/Alcohol-and-Substance-Abuse-Policy>. Attending class or working while under the influence of alcohol or

drugs is reason for dismissal and or suspension from SKC. College classes away from the main campus and college-sponsored activities are also considered to be covered by the DFWA act.

If alcohol or illicit drugs – unless prescribed by a licensed health care provider – are found on SKC property, Tribal Police and/or Lake County Sheriff's Office will be contacted to assess and manage the situation, including but not limited to issuing a citation or arresting the individual(s) involved. Marijuana is included as an illicit drug, as the Confederated Salish and Kootenai Tribes do not recognize marijuana as a traditional means of medicine.

Definition of a Controlled Substance:

A drug, which has been declared by federal or state law to be illegal for sale or use, but may be dispensed under a physician's prescription.

Below are different health risks that are associated with different kinds of drug use.

Nicotine is an addictive stimulant found in cigarettes and other forms of tobacco. Tobacco smoke increases a user's risk of cancer, emphysema, bronchial disorders, and cardiovascular disease. The mortality rate associated with tobacco addiction is staggering. Tobacco use has killed approximately 100 million people during the 20th century, and, if current smoking trends continue, the cumulative death toll for this century has been projected to reach 1 billion.

Alcohol consumption can damage the brain and most body organs. Areas of the brain that are especially vulnerable to alcohol-related damage are the cerebral cortex (largely responsible for our higher brain functions, including problem solving and decision making), the hippocampus (important for memory and learning), and the cerebellum (important for movement coordination).

Marijuana is the most commonly abused illegal substance. This drug impairs short-term memory and learning, the ability to focus attention, and coordination. It also increases heart rate, can harm the lungs, and can increase the risk of psychosis in those with an underlying vulnerability.

Prescription medications, including opioid pain relievers (such as OxyContin® and Vicodin®), anti-anxiety sedatives (such as Valium® and Xanax®), and ADHD stimulants (such as Adderall® and Ritalin®), are commonly misused to self-treat for medical problems or abused for purposes of getting high or (especially with stimulants) improving performance. However, misuse or abuse of these drugs (that is, taking them other than exactly as instructed by a doctor and for the purposes prescribed) can lead to addiction and even, in some cases, death. Opioid pain relievers, for instance, are frequently abused by being crushed and injected or

snorted, greatly raising the risk of addiction and overdose. Unfortunately, there is a common misperception that because medications are prescribed by physicians, they are safe even when used illegally or by another person than they were prescribed for.

Inhalants are volatile substances found in many household products, such as oven cleaners, gasoline, spray paints, and other aerosols, that induce mind-altering effects; they are frequently the first drugs tried by children or young teens. Inhalants are extremely toxic and can damage the heart, kidneys, lungs, and brain. Even a healthy person can suffer heart failure and death within minutes of a single session of prolonged sniffing of an inhalant.

Cocaine is a short-acting stimulant, which can lead users to take the drug many times in a single session (known as a “binge”). Cocaine use can lead to severe medical consequences related to the heart and the respiratory, nervous, and digestive systems.

Amphetamines, including methamphetamine, are powerful stimulants that can produce feelings of euphoria and alertness. Methamphetamine’s effects are particularly long-lasting and harmful to the brain. Amphetamines can cause high body temperature and can lead to serious heart problems and seizures.

MDMA (Ecstasy or "Molly") produces both stimulant and mind-altering effects. It can increase body temperature, heart rate, blood pressure, and heart-wall stress. MDMA may also be toxic to nerve cells.

LSD is one of the most potent hallucinogenic, or perception-altering, drugs. Its effects are unpredictable, and abusers may see vivid colors and images, hear sounds, and feel sensations that seem real but do not exist. Users also may have traumatic experiences and emotions that can last for many hours.

Heroin is a powerful opioid drug that produces euphoria and feelings of relaxation. It slows respiration, and its use is linked to an increased risk of serious infectious diseases, especially when taken intravenously. People who become addicted to opioid pain relievers sometimes switch to heroin instead, because it produces similar effects and may be cheaper or easier to obtain.

Steroids, which can also be prescribed for certain medical conditions, are abused to increase muscle mass and improve athletic performance or physical appearance. Serious consequences of abuse can include severe acne, heart disease, liver problems, stroke, infectious diseases, depression, and suicide.

Drug combinations. A particularly dangerous and common practice is the combining of two or more drugs. The practice ranges from the co-administration of legal drugs, like alcohol and

nicotine, to the dangerous mixing of prescription drugs, to the deadly combination of heroin or cocaine with fentanyl (an opioid pain medication). Whatever the context, it is critical to realize that because of drug–drug interactions, such practices often pose significantly higher risks than the already harmful individual drugs.

Education and Assistance for Students

The College will provide educational materials throughout the year in the areas of alcohol and substance abuse prevention. Special efforts will be directed toward each student during orientation and registration.

SKC has instituted the AlcoholEDU programming through EVERFI, an online program, and requires all new students to complete this web tutorial before they register for classes.

Assistance for students is available from the following resources:

SKC Center for Prevention and Wellness. 275-4744. Provides referrals to campus and community resources.

Sunburst Mental Health Center, Polson.

CSKT Tribal Health Clinic at SKC, Vanderburg Building.

Education and Assistance for Employees

The Guardian Employee Assistance Program is available to SKC employees. This offers employees many resources that are available 24/7 and covers topics such as:

Lifestyle and fitness (anxiety and depression, divorce and separation, drugs and alcohol)

Working smarter (career development, effective managing, relocation).

SKC Center for Prevention and Wellness. 275-4744. Provides referrals to campus and community resources.

CSKT Tribal Health Clinic at SKC, Vanderburg Building.

14. Sexual Assault Prevention and Response

SKC Policies on Gender-Based Harassment and Related Interpersonal Violence

The College prohibits Sexual Assault, Sexual Exploitation, Intimate Partner Violence, Stalking, Sexual or Gender-Based Harassment. Complicity in the commission of any act prohibited by this policy, and Retaliation against a person for the good faith reporting of any of these forms of conduct or participation in any investigation or proceeding under this policy (collectively, “Prohibited Conduct”). These forms of Prohibited Conduct are unlawful, undermine the character and purpose of the College, and will not be tolerated. The College adopts this policy with a commitment to: (1) eliminating, preventing, and addressing the effects of Prohibited Conduct; (2) fostering the College Community of

Trust, in which Prohibited Conduct is not tolerated; (3) cultivating a climate where all individuals are well-informed and supported in reporting Prohibited Conduct; (4) providing a fair and impartial process for all parties; and (5) identifying the standards by which violations of this policy will be evaluated and disciplinary action may be imposed. Students who violate this policy may face disciplinary action up to and including termination or expulsion. The College will take prompt and equitable action to eliminate Prohibited Conduct, prevent its recurrence, and remedy its effects. The College conducts ongoing prevention, awareness, and training programs for employees and students to facilitate the goals of this policy.

It is the responsibility of every member of the college community to foster an environment free of Prohibited Conduct. All members of the college community are encouraged to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct. Community members who take such actions will be supported by the College and protected from Retaliation.

SKC's Policy related to Gender-Based Harassment and Related Interpersonal Violence applies to students who are registered or enrolled for credit- or non-credit-bearing coursework; College Employees, consisting of all full-time, part-time faculty and adjunct faculty, College Staff, wage (including temps) ; and contractors, vendors, visitors, guests or other third parties within the College's control. This policy pertains to acts of Prohibited Conduct committed by or against Students, Employees and Third Parties when:

- 1) the conduct occurs on college grounds or other property owned or controlled by the College;
- 2) the conduct occurs in the context of a college employment or education program or activity, including, but not limited to, College -sponsored study abroad, research, on-line, or internship programs; or
- 3) the conduct occurs outside the context of a College employment or education program or activity, but has continuing adverse effects on or creates a hostile environment for Students, Employees or Third Parties while on college grounds or other property owned or controlled by the College or in any college employment or education program or activity.
- 4) Questions about which policy applies in a specific instance should be directed to the College's Title IX Coordinator at (406) 275-4985.

Behavior that violates this policy may also constitute a crime under the laws of the jurisdiction in which the incident occurred. For example, both the Confederated Salish and Kootenai Nation and the State of Montana criminalize and punish some forms of Sexual Assault, Intimate Partner Violence, Sexual Exploitation, Stalking, and Physical Assault.

Behavior that violates this policy also may subject a person to civil liability.

Definitions:

Complicity is any act taken with the purpose of aiding, facilitating, promoting or encouraging the commission of an act of Prohibited Conduct by another person.

Intimate Partner Violence[1] includes any act of violence or threatened act of violence that occurs between individuals who are involved or have been involved in a sexual, dating, spousal, domestic, or other intimate relationship. Intimate Partner Violence may include any form of Prohibited Conduct under this policy, including Sexual Assault, Stalking, and Physical Assault (as defined below).

Physical Assault is threatening or causing physical harm or engaging in other conduct that threatens or endangers the health or safety of any person. Physical Assault will be addressed under this policy if it involves Sexual or Gender-Based Harassment, Intimate Partner Violence, or is part of a course of conduct under the Stalking definition.

Retaliation means any adverse action taken against a person for making a good faith report of Prohibited Conduct or participating in any proceeding under this policy. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging in activity protected under this policy. Retaliation may be present even where there is a finding of “no responsibility” on the allegations of Prohibited Conduct. Retaliation does not include good faith actions lawfully pursued in response to a report of Prohibited Conduct.

Sexual Assault consists of (1) Sexual Contact and/or (2) Sexual Intercourse that occurs without (3) Affirmative Consent.

(1) **Sexual Contact** is:

- Any intentional sexual touching
- However slight
- With any object or body part (as described below)
- Performed by a person upon another person

Sexual Contact includes (a) intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts; and (b) making another touch you or themselves with or on any of these body parts.

(2) **Sexual Intercourse** is:

- Any penetration
- However slight
- With any object or body part (as described below)
- Performed by a person upon another person

Sexual Intercourse includes (a) vaginal penetration by a penis, object, tongue, or finger; (b) anal penetration by a penis, object, tongue, or finger; and (c) any contact, no matter how slight, between the mouth of one person and the genitalia of another person.

(3) Affirmative Consent is:

- Informed (knowing)
- Voluntary (freely given)
- Active (not passive), meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed-upon sexual activity

Affirmative Consent cannot be obtained by Force. Force includes (a) the use of physical violence, (b) threats, (c) intimidation, and/or (d) coercion.

- a) Physical violence means that a person is exerting control over another person through the use of physical force. Examples of physical violence include hitting, punching, slapping, kicking, restraining, choking, and brandishing or using any weapon.
- b) Threats are words or actions that would compel a reasonable person to engage in unwanted sexual activity. Examples include threats to harm a person physically, to reveal private information to harm a person's reputation, or to cause a person academic or economic harm.
- c) Intimidation is an implied threat that menaces or causes reasonable fear in another person. A person's size, alone, does not constitute intimidation; however, how a person uses their size may constitute intimidation (e.g., blocking access to an exit).
- d) Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear that they do not want to participate in a particular form of Sexual Contact or Sexual Intercourse, that they want to stop, or that they do not want to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the College will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.

Affirmative Consent cannot be gained by taking advantage of the incapacitation of another, where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated. Incapacitation means that a person lacks the ability to make informed, rational judgments about whether or not to engage in sexual activity.

Sexual Harassment is any unwelcome sexual advance, request for sexual favors, or other unwanted conduct of a sexual nature, whether verbal, non-verbal, graphic, physical, or otherwise, when the conditions outlined in (1) and/or (2), below, are present.

Gender-Based Harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, when the conditions outlined in (1) and/or (2), below, are present.

- 1) Submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of a person's employment, academic standing, or participation in any College

programs and/or activities or is used as the basis for College decisions affecting the individual (often referred to as “quid pro quo” harassment); or

2) Such conduct creates a hostile environment. A “hostile environment” exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the College’s education or employment programs and/or activities. Conduct must be deemed severe, persistent, or pervasive from both a subjective and an objective perspective. In evaluating whether a hostile environment exists, the College will consider the totality of known circumstances, including, but not limited to:

- a. The frequency, nature and severity of the conduct;
- b. Whether the conduct was physically threatening;
- c. The effect of the conduct on the Complainant’s mental or emotional state;
- d. Whether the conduct was directed at more than one person;
- e. Whether the conduct arose in the context of other discriminatory conduct;
- f. Whether the conduct unreasonably interfered with the Complainant’s educational or work performance and/or College programs or activities; and
- g. Whether the conduct implicates concerns related to academic freedom or protected speech.

A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical. A single incident of Sexual Assault, for example, may be sufficiently severe to constitute a hostile environment. In contrast, the perceived offensiveness of a single verbal or written expression, standing alone, is typically not sufficient to constitute a hostile environment.

Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear bodily injury or to experience substantial emotional distress.

Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person’s property. Substantial emotional distress means significant mental suffering or anguish.

Stalking includes “cyber-stalking,” a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact.

Reporting Sexual Violence

Any member of the Salish Kootenai College community who believes that they have experienced harassment, discrimination, sexual assault, domestic violence, dating violence, stalking, and/or sexual exploitation is encouraged to report the incident(s) as soon as possible.

A complainant may end the informal stage at any time and may initiate a formal complaint.

Students who are a victim or survivor of sexual assault/violence are strongly encouraged to report the incident. To report, students have many different resources available.

To file a complaint of sexual violence or any form of discrimination that may also be a crime, you may contact one of the offices below, depending on whom the complaint is against (faculty/staff, visitor or student).

SKC Security
(406) 239-6267

Lake County Sheriff's Office
911

Tribal Police
(406) 675-4700

SKC phone: Ext 211

883-7301

*an advocate can be requested

To file a complaint of sexual harassment or any form of discrimination that may be a violation of the Student Code or SKC Policies, individuals may contact one of the offices below, and depending on whom the complaint is against (faculty/staff, visitor or student):

Vice-President of Academic Affairs
Big Knife Building
275-4858

Title IX Coordinator
Big Knife Building
275-4985

Students who are a victim or survivor of sexual assault/violence have the option to report the incident to SKC Campus Security as well as the Lake County Sheriff's Office or Tribal Police.

Individuals who are a victim of sexual assault/violence are strongly encouraged to preserve evidence that may be required in the case. Steps to do this include not taking showers, placing worn clothes in paper bags, going to the hospital to receive a rape kit. All evidence is important for prosecuting a criminal offense.

Confidential options to assist in making reporting decisions:

SAFE Harbor
676-0800 (24 hours)
www.SAFEHarborMT.org

To file a complaint of sexual misconduct or any form of discrimination that may be a violation of the Student Code, you may contact the office below, regardless of being a faculty or staff member, student or visitor:

Title IX Coordinator
Big Knife Building
275-4985

Informal Resolution

The Office of Human Resources will meet with the respondent, remind them of SKC policies, and seek a commitment from the respondent to comply with these policies. In addition, appropriate disciplinary action may be taken, up to and including termination, depending on the nature and severity of the conduct.

The complainant may wish to discuss the inappropriate conduct with the respondent and make it known that the behavior is unwanted and not reciprocated.

-or-

The complainant may wish that the supervisor of the respondent help assist in stopping the inappropriate behavior.

Issuing Formal Complaints:

There is no timeframe for filing a complaint.

A formal written complaint must be submitted to the Title IX Coordinator.

This written complaint shall include the names of the complainant and the respondent(s) and the details of the alleged misconduct.

Within five (5) business days of receiving the written complaint, the Title IX Coordinator will provide the respondent with a copy of the complaint. The respondent must submit a response to the Office of Human Resources within fourteen (14) business days. Upon receipt of the respondent's answer to the complaint, the Office of Human Resources will forward a copy to the complainant.

Investigation

Within five (5) days of receiving the complaint, the Title IX Coordinator will initiate an investigation. During the investigation, the investigator will interview the complainant, the respondent, and any witnesses who may have knowledge of the alleged incident. Both parties will have an opportunity to provide evidence and to request that specific witnesses be interviewed.

The parties will also be given an opportunity for timely and equal access to any information that will be used in making a determination of responsibility for an alleged misconduct.

Findings, Determination, and Sanction

If a settlement is not reached within 30 business days of the initial meeting, the Title IX Coordinator will make a written determination, using a “preponderance of the evidence” standard, which includes a finding of whether the alleged conduct in the complaint occurred, the basis for that determination and whether such conduct violated SKC policies. This written determination will be completed within five (5) business days of the end of the investigation or settlement, unless new information is brought forward that requires further investigation. If the Title IX Coordinator determines that the respondent violated SKC policy, Title IX shall consult with the appropriate responsible official to determine the sanction to be imposed by the College.

*** Both the accuser and the respondent must be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense.

Resources for Victims

Many resources are available to the party(ies) which have experienced sexual assault, gender-based harassment or violence. These include on campus SKC Security (406) 239.6267) or Campus Security Authorities, The Center for Prevention and Wellness located in the Kenmille building. If reported to an authority of SKC, an institutional employee will assist the victim/survivor in notifying the appropriate legal authority(ies) if the victim/survivor requests the assistance of personnel.

On campus resources include the Center for Prevention and Wellness department located in the Agnes Kenmille building on the west side of campus, several counselors in the Student Support Services department of the Robert Depoe III building on the east side of campus. Off campus resources include the Victims Assistance Program through the Confederated Salish and Kootenai Tribes which holds DOVES (Domestic Violence Education & Services) and SAFE Harbor.

Bystander Intervention

Is a practice used by people to assist others with navigating different situations that can have possible and very negative results to an individual’s safety and well-being. A website that can be visited for information on bystander intervention is <http://stepupprogram.org/students/strategies-for-effective-helping/>. For more information

and other practices for this topic, please visit a campus resource such as SKC Security or those that are located in the Kenmille building at the Center for Prevention and Wellness.

Risk Reduction

SKC requires all students to complete EverFi Haven and EverFi AlcoholEdu in order to provide prevention education. These platforms provide information around risk reduction.

Federal Campus Sexual Assault Victims' Bill of Rights

- Survivors shall be notified of their options to notify law enforcement.
- Accuser and accused must have the same opportunity to have others present.
- Both parties shall be informed of the outcome of any disciplinary proceeding.
- Survivors shall be notified of counseling services.
- The College is obligated to comply with reasonable requests for a change in a living situation in college housing or an academic situation following an alleged sex offense. Available options will be provided to such students by the SKC Office of Human Resources working in tandem with the Vice President of Enrollment Management and Student Services, who will be responsible for decisions regarding accommodations and or protective measures. Such measures may include: changes in class schedules, activities, or living arrangements, transportation accommodations, no-contact orders, temporary suspension, temporary restrictions from particular classes or activities, counseling, modifications to test schedules or other class requirements, alternative SKC employment arrangements and/or work schedules, assistance from an advocate in securing additional resources or assistance including off-campus and community advocacy, support, and services, and disability services.

Registered Sex Offender Policy Statement

The Salish Kootenai College Human Resources Office will maintain all pertinent information, including pictures and legal descriptions of all registered violent and sexual offenders who are employed full-time, part-time, and emergency hires, along with full-time and part-time students and Student Housing residents. Employees or students may request the list of currently employed offenders and currently enrolled students from the SKC Security Department.

The following website provides current information on Sexual and Violent Offenders in and around the SKC Campus area: <https://app.doj.mt.gov/apps/svow/>

Annual Fire Safety Report

Description of SKC Student Housing

Salish Kootenai College Student Housing has two types of housing facilities. Family Housing consists of 1, 2, 3, 4 bedroom units that are equipped with smoke detectors and fire extinguishers. SKC Student Housing allows tenants to use portable electrical appliances provided by SKC Student Housing.

The Lefthand dormitory has 11 pods, 42 beds and is equipped with smoke detectors, sprinkler system, fire extinguishers and emergency evacuation doors.

The new “Honor Dorms” (built during the summer of 2019) consist of 3 pods, 12 beds and equipped with smoke detectors, sprinkler system, fire extinguishers and emergency evacuation doors.

Fire Hazards

The Student Housing Handbook contains a detailed list of items and practices that are considered fire hazards and are prohibited in Student Housing.

The following items and/or practices are considered fire hazards and are prohibited:

- Candles (with or without wick), Incense, any open flame, the keeping of explosive or combustible materials or liquids (lighter fluid, fireworks, butane), hanging anything near or around life safety equipment (smoke detectors, sprinklers, etc.) and BBQs are not permitted at the dorms.
- Plumbing, electrical or gas burning equipment will not be used for any other purpose than for which it was intended. All liquid fuel appliances are prohibited in the units.
- Burning of any kind is prohibited at Student Housing.

Education on Fire Safety

Fire safety and evacuation is discussed with the dormitory students during the fall dorm meeting. Smoking is not allowed in any SKC buildings nor is open flame allowed in the dormitory or Student Housing. Any fire occurring on SKC grounds would be first reported to Security and then reported to local law enforcement and fire department if deemed necessary. Incident reports are completed by SKC Security and are forwarded to the Vice President of Business Affairs. Reports are also forwarded

to the Director of Student Housing/Bookstore and the SKC Student Housing Manager if the fire happened in that area. Housing tenants must report all types of fires to the SKC Security department who will forward the information to the Director of Student Housing, Student Housing Manager and the Vice President of Business Affairs. Other entities shall report fires to 911 and SKC Security. SKC Security will also receive a report from Mission Valley Security in regards to fire alarms and supervisory smoke alarms as well as calls from Lake County Dispatch.

Office/Individual Responsible for Fire Education for Campus Housing: SKC Housing Office

Location where documentation is kept: SKC Housing Office

Date policy and procedure was last updated: 9/2/20

Office/Individual Responsible for Fire Education for SKC Employees: SKC CERT Team

Location where documentation is kept: Chair, SKC CERT Team

Fire Safety Education and Training Programs for Employees

The CERT Team is responsible for fire safety education and training on campus. Individual Building Emergency Coordinators (BECs) provide annual fire safety training for employees in each building.

New employees are required to have fire safety education as a component of new employee safety orientation.

Process for Reporting a Fire

FIRST: Dial 911 to report an incident to emergency personnel. Give the following information to 911 dispatchers:

- The exact address or building and area of campus.
- Your full name and the telephone number from which you are calling, in case you get disconnected.
- The nature of the emergency, including the number of injured people and their known injuries.
- Do not hang up as additional information may be needed.

SECOND: Have someone call campus security. That's 211 from campus phones, or 239-6267 from cell phones.

THIRD: If the emergency is occurring during the regular work day, have someone call SKC front desk ("0" from a campus phone or 275-4800 from a cell phone.

Procedures for Evacuation

Procedures for Student Housing Evacuation

In the event of a disaster (fire, earthquake, etc.), tenants in the south side of Student Housing will evacuate to the field that is located to the north of the golf course. Tenants in the middle of Student Housing will evacuate to the parking lot south of the Student Services building. Tenants in the north end of Student Housing will evacuate to the field located west of the SKC Dorms.

Procedures for Lefthand Dorm and Honor Dorm Evacuation

In the event of a disaster (fire, earthquake, etc.), tenants will use the appropriate emergency exit door located at the individual pod common area or the emergency exit doors located at either the north, south or west access points located at the dorms. Tenants will evacuate to the field located west of the SKC Dorms.

Procedures for Employees and Students in Campus Buildings

A RAVE Alert will be issued if there is a need to evacuate campus buildings. Each campus building has an identified emergency gathering site that is identified on a map in each building’s entryway. Upon receiving a RAVE Alert issuing evacuation notice, employees and students will exit the building and proceed to the emergency site. The Building Emergency Coordinators (BECs) will assist in this process.

Plans for Future Improvements in Fire Safety

Annual review of fire safety procedures and statistics did not indicate the need for improvements in fire safety at this time.
